

6000/6500 SERIES

The Clearview PVC series patio doors are made of high quality extruded vinyl, and manufactured to suit Clearview's quality and craftsmanship. They offer exceptional strength, rigidity, and tolerance, while maintaining superior insulating values.

CLEARVIEW

PATIO DOORS

Clearly The Right Choice

Patio Door Design Features

Standard Features - 6000 series:

- Extruded PVC vinyl frame best resists the transfer of heat and cold, and will not warp, split, or rot.
- The stiles are reinforced with aluminum or steel for strength.
- Full perimeter, double weatherstrip eliminates water and air infiltration.
- Two tandem steel rollers provide years of quiet, smooth operation.
- Aluminum screen with fiberglass mesh, and four adjustable steel rollers.
- Complete with durable surface mounted lock.
- Sill is sloped to ease water run off.
- Fully reversible, can be assembled to slide left or right.
- Tempered glass, clear on LowE 1" Warm Edge sealed units.

6' x 8' Colonial Grill LowE Argon 3"x5" pattern.

Patio door with adjustable built in mini-blinds. (only available in the 6500 series)

Standard Features - 6500 series:

- Wood with vinyl clad frame system offers all the 6000 series features but with additional frame rigidity. Wood frame allows for casing to be easily nailed to door frame.

Optional Features:

Clearview's glass options:

- Clear glass
- Bronze/Grey glass
- V-groove glass
- Mini-Blinds

Other available options:

- Heavy duty aluminum screen mesh
- Transom or sidelites
- Sidelites (offered only with 6500 series)
- Sill extensions
- Vinyl jamb extensions - 1¹/₄"
- Wood jamb extensions - 2"
- Brick mould - 1"
- Nailing fin
- Pet mesh
